

SECRET/NOFORN - SKEET CHANNELS ONLY

PROJECT SUN STREAK (U)

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

Session Procedures Report (S/NF/SK)

PROJECT NUMBER: 8719	SESSION NUMBER: 1
DATE OF SESSION: 5 NOV 87	TARGET COUNTRY: IRAN
REFERENCE:	MISSION STATUS:
TECHNIQUE UTILIZED: CRV	SOURCE IDENTIFIER: 011

1. (S/NF/SK) Monitor Tasking: (See tasking cover sheet, attached).
2. (S/NF/SK) Source Tasking: Encrypted target coordinates only.
3. (S/NF/SK) Summary: No summary was requested of 011; the target was acquired in Stage 1 but, upon moving [inside] the structure, the tenor of the information began to change--011 seemed to have lost the target and, although Stage 3 movement exercises continued to land 011 back on the site, the perceptions of the structure's [inside] did not corroborate known site-related data. Both 011 and the monitor (later) agreed that there seems to be an area of archeological interest beneath the target structure, an area which held great attraction to 011 throughout most of the session.
4. (S/NF/SK) Comments: Having identified the problem, 011 should have no problem addressing the EEI in session #2.
